Air Grill
AG7031

Product Description

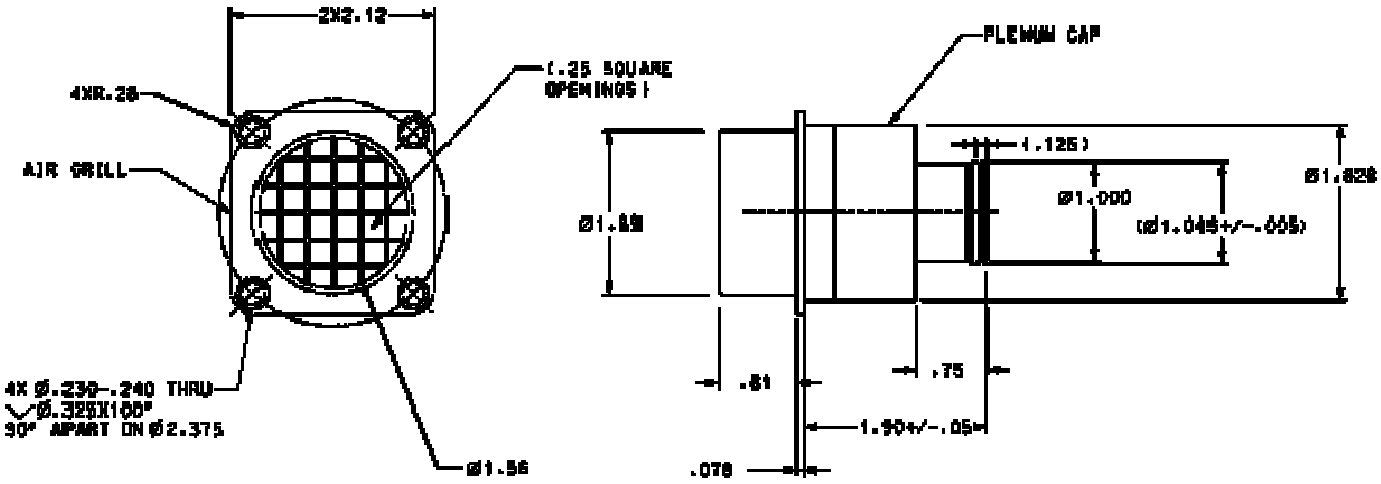

Perfect for air distribution in crew areas

Includes 1.00 inch diameter hose port

Standard white powder coat paint or black anodize

Simple screw installation

Light weight aluminum construction

The air grill is designed to provide air distribution for crew areas, galleys and lavatories. The unit includes a wire screen to prevent foreign objects from entering the orifice. The air grill has a light weight aluminum construction and installs with four countersunk head screws. The air grill is offered in standard white or black, but custom colors are available.
